

**Remarks**

In response to the Office action mailed July 26, 2005, Applicant was requested under 35 U.S.C. § 121 to elect a single disclosed species for prosecution. The following species were identified:

- 1) the species to a removable lens assembly of claim 24;
- 2) the species to a removable lamp assembly of claims 3 and 25.

Claims 1, 2, 4-23 and 26 were identified as generic.

Applicant elects species 2 (claims 3 and 25) directed to a "removable lamp assembly."

Applicant understands that upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or other wise include all the limitation of an allowed generic claim.

Applicant notes that the attorney docket number indicated on the Office action appears to include a typographical error. The correct Attorney docket number is IFC361, not IFC381.

Applicant respectfully requests correction of the Attorney Docket number on future communications.

Based on the foregoing comments, the above-identified application is believed to be in condition for allowance, and such allowance is courteously solicited. If any further amendment is necessary to advance prosecution and place this case in allowable condition, the Examiner is courteously requested to contact the undersigned by fax or telephone at the number listed below.

Respectfully submitted,
